

## EUROPEAN UNION REACH REGULATION DECLARATION CERTIFICATE JUNE 25TH 2020 UPDATE 209 SVHCS

**MANUFACTURER:**

CMRSUMMIT Technologies  
850 Selkirk, Pointe-Claire (Quebec)  
Canada H9R 3S3

CMRSummit Technologies specializes in providing its customers with the ideas, products and services they need to sustain a valuable competitive advantage, through computer aided engineering design and manufacturing of specialty Printed circuit boards.

Since Printed circuit boards are considered articles, as defined in REACH, and, under normal and reasonable conditions of use, do not have intended release of harmful substance, the requirement in REACH for registration of substances contained in our product / articles does not apply.

CMRSummit Technologies manufactured products, with the exception of Solder leveling finish, do not contain any of the **Substances of Very High Concern (SVHC)** candidates listed, above the regulatory threshold of 0.1%, nor does our tonnage exceed 1 ton per importer per year. Consequently the REACH requirement to notify ECHA of products / articles exceeding these limits does not apply.

This declaration will be subject to revision as the SVHC list evolves

A handwritten signature in black ink, appearing to read 'Alan Lloyd-Hughes', is positioned above the printed name.

Alan Lloyd-Hughes, Quality Manager
